

DEPARTMENT OF MANAGEMENT SCIENCE

**(FORMERLY KNOWN AS INDUSTRIAL &
MANAGEMENT ENGINEERING)**

IIT KANPUR

M. TECH. 2024 - 26

PLACEMENT REPORT & BROCHURE

ABOUT US

WE ARE THE FLAGSHIP PROGRAM OF DOMS

Founded in 1974, the Department of Management Sciences (DoMS, formerly IME) at IIT Kanpur stood as one of the early proponents in the country to acknowledge the synergy between engineering training and management education.

At DoMS, the curriculum is well-structured framework, supplemented by a year-long thesis project, imparts an in-depth understanding of fundamental concepts. Practical exposure is facilitated through summer internships, affording students the opportunity to engage in hands-on project work within industrial settings.

The program places a primary emphasis on nurturing proficiency in the domains of Data Science, Analytics and Operations. Encompassing a diverse range of subjects from both engineering and management perspectives, the curriculum covers a wide spectrum. Topics such as Statistical Modelling, Supply Chain Management, as well as the Application of Optimization Techniques and Business Intelligence Tools in areas including economics, finance, marketing, and IT, constitute integral facets of the students' comprehensive learning journey.

INFRASTRUCTURE

IIT Kanpur boasts world-class infrastructure facilities. The department has been endowed with enviable computational facilities. In addition, the department is equipped with the latest tools and systems used in the industries for the students to obtain hands-on experience. Having some of the most complicated software, like product life cycle management, simulation, statistical analysis, financial modeling, process design, and control, etc., in the well-equipped laboratories allow the students to learn the vital skills enabling them to succeed in the future; both in industry and academia.

Department of Management Sciences has the following labs

Energy Analytics Lab

Smart Systems and Operations Lab

Product Lifecycle Management Lab

Management Computing Lab

Virtual Lab- Production Shop Simulation

Lab of MHRD

Management Simulation Lab

Departmental Library

.

ACTIVITIES

TECHNOLOGIES DEVELOPED

- Train Running and Loco Performance Simulation Software (RDSO & BHEL)
- TrackSafe: Decision Support System to Enhance Safety of Railway Track WorkersISTP-GITA

RESEARCH AND DEVELOPMENT

- Sponsored projects (in 5 yrs) worth 350 Million INR
- Total papers published: 65

EVENTS/ CONFERENCES/ WORKSHOPS

- IME Doctoral Colloquium 2018
- VIBGYOR - Monthly Webinar.
- GIAN Courses- Multi-objective Optimization Using Metaheuristic
- Data Analytics For Operations Research •
- Industrial visits
- Weekly Industrial and Academic seminars on Analytics, Operations, and Finance from recognized speakers.
- Prabandhan - National-level Management Festival

EXTRA-CURRICULAR ACTIVITIES

- DoMS students actively participate in Student's Senate, Counseling Service Team & Overall Coordinators, Hall Executive Committee, and Entrepreneurship Cell Executives.
- They also participate in Annual Cultural and Tech Fest- Antaragni and Techkriti.
- We have students who excelled in the field of sports.

Half a Century of Academic Brilliance

1974

Introduction of IME Programme

IIT Kanpur establishes the Industrial and Management Engineering (IME) programme to integrate engineering methodologies with management principles.

Launch of M.Tech and Ph.D. Programmes

The department officially launches its M.Tech and Ph.D. programmes in Industrial & Management Engineering, laying the foundation of its postgraduate education.

1988

2001

Introduction of MBA Programme

The department expands its academic offerings with the launch of the MBA programme, strengthening its management education portfolio.

Rebranding to DoMS

The IME department is renamed to the Department of Management Sciences (DoMS), reflecting its broader academic vision and interdisciplinary approach.

2023

2024

Celebrating 50 Years of Excellence

The department proudly completes 50 years of academic excellence, innovation, and leadership in engineering and management education.

50+ years of excellence

MESSAGE FROM HEAD OF DEPARTMENT

Dr. Devlina Chatterjee

Head

Greetings from the Department of Management Sciences, IIT Kanpur!

Since its inception in **1974**, **DoMS** has been a pioneer in integrating engineering, analytics, and management sciences in India. Our flagship M.Tech program exemplifies this vision by combining the rigor of **Industrial Engineering with contemporary management practices**. As one of the earliest programs in the country to blend technical depth with managerial insight, it has consistently prepared professionals who can navigate the complexity of today's dynamic business and operational landscapes.

The **interdisciplinary** design of the program equips our students with advanced analytical skills, quantitative modeling expertise, and sound decision-making abilities. The year-long thesis component further strengthens this foundation by encouraging students to work on real-world challenges, often in close collaboration with industry partners, thereby creating solutions that deliver tangible impact.

Our graduates have continually demonstrated their versatility by excelling in leading consulting firms, analytics-driven organizations, research institutions, policy makers in government, public and private sector. Their accomplishments — with alumni such as **Shri. Ashwini Vaishnaw – Honourable Minister of Railways, Minister of Information and Broadcasting and Minister of Electronics and Information Technology, Shri. K. Krithivasan – CEO & MD TCS, and Dr. Sharat Sinha – CEO Airtel**, along with several others distinguished across academia and global firms like **Barclays, Morgan Stanley, and Accenture** — are a testament to the program's enduring legacy.

Guided by world-class faculty who bring together academic rigor and practical insights, coupled with a culture of research, innovation, and problem-solving, the **M.Tech** program continues to nurture techno-managers who are capable, agile, and future-ready.

As we celebrate the **Department's Golden Jubilee**, we look forward to strengthening our engagement with industry, expanding the horizons of experiential learning, and continuing our journey of excellence in management sciences.

MESSAGE FROM FACULTY COORDINATOR

Dr. Suvendu Naskar

Assistant Professor

I am pleased to share highlights of the placement season for the M.Tech batch of 2024-2026 at the **Department of Management Sciences (erstwhile Industrial & Management Engineering)**, IIT Kanpur an institute consistently ranked **4th** in Engineering in the **NIRF 2025** rankings in India.

Rooted in a unique blend of Industrial Engineering and Management, our M.Tech program attracts top talent and nurtures them into well-rounded professionals capable of solving complex business and operational challenges. With strong analytical capabilities, a research-oriented mindset, and domain-specific knowledge, our students bring exceptional value to the organizations.

We are proud to share that the M.Tech batch achieved **91.67% placements**, with students securing impactful roles such as **AI Engineer, Data Scientist, Machine Learning Engineer, Supply Chain Manager, and Operations Analyst**. These opportunities were offered by leading recruiters including reputed brands across sectors such as **Accenture, Mondelez, Dell, Barclays, ExxonMobil, Delhivery, Morgan Stanley**.

This continued success reflects our department's unwavering commitment to academic rigor, industry relevance, and holistic development. As we celebrate the Golden Jubilee of DoMS, we extend our heartfelt gratitude to our recruiters, alumni, faculty, and student placement team for their invaluable contribution to this achievement.

We invite you to explore this brochure about our M.Tech placement journey last year and discover the talent and potential of the M.Tech batch of 2025-2027.

CURRICULUM

ACADEMIC COURSES

Analytics

- Probability And Statistics
- Applied Machine Learning
- Statistical Modeling For Business Analytics
- Time Series Modelling For Business Analytics
- Causal Inference for Business Analytics
- Advanced Statistical Methods For Business Analytics
- Data Mining And Knowledge Discovery
- Big Data For Management
- Marketing Research
- Introduction To Stochastic Processes
- Economic Analysis For Management
- Introduction To Game Theory Computing
- Introduction To Computing
- Computer-Aided Decision Support Systems

Operations

- Operations Research
- Operations Management
- Advanced Decision Models
- Supply Chain Management
- Design Of Production Systems
- Total Quality Management
- Project Management
- Management Decision Analysis
- Analytics in Transport and Telecom

Finance & management

- Financial Engineering
- Financial Modelling
- Simulation And Optimization
- Human Resources Management
- Business Process Management
- Business Management Using Cloud
- Software Project Management

SUMMER INTERNSHIPS

The two-year MTech program requires students to do a summer internship at the end of the first year between May and July for two to three months. To cater to the growing industry demand, most students undergo internships in the fields of Data Science, Business Analytics, Marketing, Supply Chain, Finance, and Operations.

THESIS

One year-long thesis work aims to provide more profound knowledge in the field of interest. covering areas such as Market Basket Analysis, NLP, Big Data Analytics, Financial Analytics, Optimization, ERP, Heuristic Development, Business Systems Simulation, and Supply Chain Management (SCM).

RESEARCH AREAS & THESIS

Our one-year-long thesis program is designed to offer students an in-depth exploration of their field of interest, culminating in a comprehensive and rigorous research project. The thesis encompasses a wide range of topics within Management Science, including:

- Market Basket Analysis
- Natural Language Processing (NLP)
- Financial Analytics
- Optimization
- Enterprise Resource Planning (ERP)
- Simulation of Business Systems
- Supply Chain Management (SCM)

RESEARCH AREA

INTERNSHIP STATISTICS 2025-27

Welcome to the Vibrant Class of 2025-27: Our batch brings together a vibrant mix of talented individuals from diverse engineering disciplines, each equipped with strong technical acumen, problem-solving abilities, and a drive to excel.

A Touch of Professionalism: Notably, several students in this batch bring valuable prior work experience from diverse industries, enriching the learning environment with their unique insights.

MTech Excellence: The students of the DoMS MTech program were presented with exciting internship opportunities across a spectrum of domains, enhancing their practical exposure and knowledge.

PROFILE OFFERED

PLACEMENT STATISTICS 2024-26

Experience Excellence in Placements! Our dynamic 2024–2026 batch comprises a vibrant cohort of energetic and diverse individuals from a wide range of engineering backgrounds, setting a remarkable benchmark in academic and professional excellence.

Our graduates have embarked on diverse and impactful career paths, securing roles that perfectly align with their aspirations. Their remarkable achievements continue to inspire and make us proud.
